3. It was agreed that NPIC would readout the targets for weekly coverage (Havana and Santiago areas) on that afternoon (24th) and deliver hard copies to all of the agencies immediately thereafter except NSA who would accept theirs on the following morning. This document would be Part I of the Situation Summary. The next day the NPIC would seek to inish the readout and this section of the Preliminary Report would be ssued as Part II of the Situation Summary. 4. The Navy indicated that it would immediately take stock of the reports and weigh whether in the light of them weekly coverage next week was necessary. Its view would be reported to the Chairman not later than close of business Friday, May 26. Review of Communications and Rapid Reporting from URPICS 5. The Committee concurred in a draft paper prepared by the working group on the above subject as amended. The Chairman stated that we would now issue the paper as COMOR-D-40. The Air Force representative stated that upon receipt of the final document, action would be taken in at URPIC-Y. The Chairman, requested that all participants upon receipt of the document initiate action called for on heir part. Future Procedure for T-KH Billet Approvals (Ref: 6. The COMOR agreed that for the next three months period emergency billet requirements in excess of those covered by the recent approvals would be referred to the TCO/CIA for approval. At the time of preparation of the quarterly report, as now required by the White House, commended the continuation of this procedure or to propose, perhaps, the procedure of submitting to the USIB a block of billet requirements anticipated in the upcoming three months. Photo Mapping Project 7. briefed the Committee on the progress of the Army-CIA photo mapping project.
